To whom it may concern:

Reference: Purigen 98

We have had our Purigen 98 Nitrogen Inflation System for over two years. The machine paid for itself in less than four months and my customers have been referring new customers to us because of their satisfaction with the product.

Having had the success with Purigen 98 we would recommend there system to any automotive facility. If you have any questions please feel free to call me at 954-792-1370.

Sincerely,

John Fazzini
President
